System Test

WikiRace

Wikiracers

Version 2 - March 10, 2015

<u>System Test Scenarios:</u>

User Story 2 from sprint 1: As a player I want to see the Wikipedia window (browser window) in the app.

Scenario:

1. Start WikiRacers.
2. Click Start Game in the main menu. User can see Wikipedia window with initial webpage.

User Story 4 from sprint 1: As a player I don't want to see the navigation buttons.

Scenario:

1. Start WikiRacers.
2. Click Start Game in the main menu. User can see Wikipedia window with initial webpage without navigation buttons that a typical browser window has. Those are: back and forth buttons, url direction bar, refresh button, etc.

User Story 4 from sprint 2: As a player I want menus to navigate through the app.

Scenario:

1. Start WikiRacers.
2. Click Start Game in the main menu. User can see Wikipedia window with initial webpage.
3. Click gray pause button on the bottom right corner.
4. Options menu opens to resume, restart or go to menu.

User Story 5 from sprint 2: As a player I want to be able to set up an account and login so that I can save my statistics.

Scenario:

1. Start WikiRacers
2. Click User Account in the main menu:
    a. To set up an account:
        i. Click on Register.
        ii. Fill the fields:

            Username = <Bob1234>

            Name = <Bob>

            Email = <bob@gmail.com>

            Phone Number = <831 333 5555> or blank

            Password = <passwordbob>

        iii. Click Create.
        iv. User sees his/her profile with statistics.

    b. To log in:
        i. Fill the fields:

            Username = <Bob1234>

            Password = <passwordbob>

        ii. Click Login
        iii. User sees his/her profile with statistics.

User Story 1 from sprint 3: As a player I want to be able to play the game in different devices.

Scenario:

1. Use app in tablet.
2. Or use app on smartphone

User Story 3 from sprint 3: As a player I want a profile to be able to see my statistics.

Scenario:

1. Start Wikiracers.
2. Click User Account from main menu.
3. If user is logged in his/her profile will display. If user is not logged in, after he logs in (see User Story 5 from sprint 2), the profile will show and will be accessible from User Account.
4. If user does not have an account after he/she registers (see User Story 5 from sprint 2) the profile with the statistics will show.
5. Group statistics are under the column "User".

User Story 4 from sprint 3: As a player I want to be able to see group statistics.

Scenario:

1. Start Wikiracers.
2. Click User Account from main menu.
3. If user is logged in his/her profile with the statistics will display. If user is not logged in, after he logs in (see User Story 5 from sprint 2), the profile will show and will be accessible from User Account.
4. If user does not have an account after he/she registers (see User Story 5 from sprint 2) the profile with the statistics will show.
5. Group statistics are under the column "World".

User Story 5 from sprint 3: As a player I want push notifications.
- Not implemented.

User Story 6 from sprint 3: As a player I want the app to have integrated social media.
Scenario:

1. Start Wikiracers.
2. Click Share from main menu.
3. Choose social network to share.
